

HOW TO USE UDSM MAIL SERVICE

1. On your web browser point at www.udsm.ac.tz then go to ICT services link and click on Staff mail.
2. Enter your username and password

After successful login you may change your personal information and password. Click options where you will get an interface with various options

NOTE:

When you are changing your password, you need first to write your old password, then your new password twice then click change password button.
